Molly,

Thank you for your message.

I have made inquiry with John Davis and the chair of the Sierra Club Airport-Marina Group to learn why that call was made.

Thanks,

George

Hi George,

When we last spoke on August 14<sup>th</sup>, you informed me that you had met with the Airport Marina group representative and alternate (John Davis) to review the July 22 response from the Regional Administrators office regarding the Santa Monica NEP. You said that the three of you had reached complete agreement that the response had indeed addressed the concerns raised. However, Mr. Davis left a voicemail on August 19<sup>th</sup>, on behalf of the Sierra Club, stating that while the region believes that the July 22 letter had addressed the concerns that the Sierra Club raised, this was not the case and that the Sierra Club will be taking this matter up with the 'Administrator and above'. I was disappointed to hear this as we have tried our best to directly address the concerns and it seems to be contrary to our previous discussion.

To my knowledge, we have not yet received any further communication from Mr. Davis via letter or email. I will continue to keep you informed and include you on any responses.

Reagrds,

**Molly Martin**
